## Construction Estimating Part 3 - Tendering

Estimator 3's intention is for the student to utilize all of the basic and fundamental information gained in the two previous estimator courses to deliver a final cost analysis and tender package by the program end. Students are again teamed up to review a set of plans and specification/direction documents. The objective is to submit a complete tender illustrating contract type, bid bonds, insurances, quantity surveying and a comprehensive cost for construction submitted with accurately prepared bid forms for a large commercial construction project. This is a 30-hour course. It will consist of in-class work and homework assignments.

This course is a must for **Estimators, Project Managers and Superintendents.**
