

Site Safety Inspector

We are currently seeking experienced qualified applicants for the position of Construction Safety Inspector.

Position requires travel throughout southern Ontario. Travel time and expenses paid. We offer a competitive wage within the safety industry.

Individual must be able to work independently with a schedule and must be dependable. Must have good communication and report writing skills, the ability to learn quickly, diplomatic, personable and up-sell related services and products. Reports, minutes and non-compliance warnings, are some of the paperwork required.

Essentials

- Construction experience
- Proficient with the OHSA and regulation 213/91
- Understanding of hazard identification and control methods
- Computer abilities (e-mail, word, excel, acrobat)
- Fully functioning home office
- Computer and high speed internet connection, scanner, printer.
- Must have a reliable vehicle
- Either; WSIB certified as construction H & S Representative, CRSP, CCA Gold Seal Certified Safety Officer or other H & S diploma program
- Sales ability would be a bonus (but not essential)

Position would be approx. 15 - 20 hrs/wk. to start, but expected to become full time (if wished) (35h+/wk) within 2- 3 months, possibly sooner.
