Construction Estimator Part 1

This course introduces the student to the role and responsibilities of the Construction Estimator. The course also covers the necessary company practices and the critical function of the construction estimator on a construction team. A comprehensive look at the construction industry and the organization of Construction Company is thoroughly covered in this course. This is a 30-hour course and it will consist of in-class work and homework assignments. This course is a must for **Estimators, Project Managers, and Superintendents.**
