Electrical Project Manager/Estimator

Professionally complete projects through all phases of the project life-cycle including estimating, selling, bidding, negotiating, purchasing, scheduling, closeout and collections, and thereby ensuring Customer satisfaction and securing long term Customer loyalty.

Sutherland-Schultz is a professional construction and industrial services provider based in Cambridge, Ontario, Canada. Our roots date back to a small motor rewind shop established in 1922. Since then, we have grown to manage complex industrial, commercial and institutional construction projects with an uncompromising commitment to safety and quality.
