Life Recovery Program provides GVCA members and their families with access to a comprehensive online program which supports them if they are struggling with behavioural and mental health issues, relationship, and other stress-related issues.

Once enrolled, GVCA member firms will receive a unique company code that can be distributed to all employees that will enable them, and their family members, to confidentially access the wellness hub, 24/7 through PC or mobile.

Life Recovery Program is a self-directed, confidential and anonymous treatment option. No stigma = higher usage = fewer workplace accidents/death = higher performance.
