

Construction Millwright

365 Industrial Solutions Inc. is a **well-established**, market leading industrial contractor looking for Millwrights both licensed and apprentices for immediate full-time employment. Commitment to safety and excellence, along with professional performance and delivery showcases why *365 Industrial* is a desirable place to grow your career. **Job Overview:** Install, maintain, troubleshoot, overhaul and repair machinery and mechanical equipment.

Qualifications:

- Read blueprints, diagrams and schematic drawings to determine work procedures
- Perform routine maintenance work on all machinery
- Identify and troubleshoot machine irregularities and breakdowns
- Repair or replace defective machine parts and equipment.
- Assemble machinery and equipment prior to installation using hand and power tools and welding equipment
- Install, align, and move stationary industrial machinery and mechanical equipment according to plan layouts
- Perform preventative maintenance on mechanical equipment
- Work on team-oriented projects at various customer sites throughout the GTA and Southwestern Ontario

What we are looking for:

- Drivers License and reliable vehicle considered a valuable asset
- Completion or proof of registration of a recognized apprenticeship, an Ontario Certificate of Apprenticeship, and a Certificate of Qualification or equivalent is required.
- Strong work ethic and a problem solver with a keen eye for detail.
- Welding & fabrication experience will be an asset;

What we offer:

- Competitive compensation based on experience and skills with a potential increase with training and performance
- Company paid benefits and pension plan
- Paid training
- Travel Paid for all jobs more than 1 hour from the shop.
- Per diem and single occupancy hotel rooms for out of province work
- Over-time after 8 hours per day
- Highest safety standards
- Predominate day shift with the opportunity for afternoon and weekend overtime
